

Sinclair Broadcast Group's recent plans to air anti-Kerry "news" right before the election have illustrated the dangers of media consolidation.

Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we get more of what's good for the bottom line and less of what we need for our democracy. Instead of something produced at "News Central" far away, it's more important that we see real people from our own communities and more substantive news about issues that matter. STOP THE PROPAGANDA!!

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. The ruling party should not rule the media...or this entire land succumbs to Orwellian 1984.
